

THE INTERNATIONAL PRESS BIBLE QUESTION CLUB.

SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON BY
REV. DR. LINSOTT FOR THE INTERNATIONAL
PRESS BIBLE QUESTION CLUB.

The object of the International Press Bible Question Club is to promote, by questions, through the press, thought and investigation on the teaching of Scripture in connection with the International Sunday School Lessons.

(Copyright 1910 by Rev. T. S. Linscott, D. D.)

SUNDAY, AUGUST 11, 1912.

Subject: "A Troubled Sea and a Troubled Soul," Mark IV:35-V:20.

Golden Text: "God is our refuge and strength, a very present help in trouble. Therefore we will not fear though the earth do change and though the mountains be moved in the heart of the seas," Ps. XLVI:1-2.

1. Verse 35—On which side of the sea did Jesus propose to go?

2. Verse 36—Does taking Jesus on board insure a calm and safe passage to our journey's end?

3. Verse 37—How do you explain that such a great storm could take place while Jesus was on the ship?

4. Does God ever change or modify natural laws for the safety or convenience of anybody? Give your reasons.

5. Why is it that God permits storm, stress and strain to enter into most of our lives?

6. Verse 38—What, if any, danger is there to a ship, and why, if Jesus is on board?

7. What right would you say had Jesus to be asleep when the ship and passengers looked to be in such imminent danger?

8. Under the circumstances, with Jesus on board, were they wise, or unwise, and why, for being afraid?

9. No matter what the apparent calamity or danger may be in the life of a child of God, is there ever any need to be afraid? Why?

10. Were they right or wrong, and why, to administer this rebuke to Jesus?

11. Would you say, or not, and why, that all complaining against God's providences is wrong?

12. Verses 39-41—Would it have been better, or not, and why, if the prayer which Jesus answered had never been offered?

A Singular Rescue.

(Christian Herald.)

The three-year-old child of Albert Stepp, living two miles from Canton, Texas, fell feet foremost in a 13-inch bored well 60 feet deep. By the use of a mirror the child could be seen, and the little fellow was constantly crying and calling to his grandpa to come and get him. The grandparents and parents were wild with excitement and overcame with grief at their inability to afford immediate succor. Forty or fifty men and women were soon gathered, all anxious to get a loop over the child to draw it out, but with no avail. A negro boy 12 years old was let down and, getting the child by the sleeve, both were drawn up half-way. The sleeve gave way and the child fell back to the bottom. All were horror-stricken for fear the fall would certainly kill the child. Then they tied a rope to the leg of the negro boy and let him down head first. He put the loop of a rope about the child's body and then the two were drawn out separately. The miraculous part of the incident is that the child was only bruised a little and not seriously injured.

Cause of Titanic Disaster.

London, July 30.—Excessive speed in the vicinity of icebergs caused the Titanic disaster. This is the finding of the British Board of Trade Court of Inquiry into the disaster. Also, that a proper watch was not kept. The lifeboats were lowered properly, but were not manned.

KEEP IN PERFECT HEALTH.

You owe it to yourself, your family and your work to keep in the best possible condition. If you have strong, ready muscles—rich, healthy blood and a clear brain, you can do more and better work and really live, and enjoy living and be a blessing to those you love.

Much of the eternal grouch and many of the aches and pains you see every day are caused directly by a lazy, torpid, over-worked liver, and all of that may be absolutely cured by R. L. T. (Richardson's Laxative Tonic). One fifty-cent or dollar bottle of this magnificent tonic will prove to you that it is the finest laxative and the quickest strength building tonic ever offered sick, suffering humanity. Get a bottle from your druggist today, and keep it always in the family medicine chest ready to put the liver right in one night or cure malaria, constipation, or bilious fevers in the shortest possible time. If not on sale in your town, write R. L. T. Co., Anderson, S. O.

THE RED SPIDER.

He is a Nuisance to Be Eradicated
by Intelligent Effort.

The following article of Wilson P. Gee, of Clemson, will prove of value to those who are interested and who have not the information already:

Even now in some fields the red spider is beginning to do its damage, and this will become more evident as our warmer and drier summer weather comes on. This damage can be recognized by the reddish discoloration of the leaf of the plant infested, beginning at the base of the leaf where the stem is attached and spreading out over the entire leaf. Different from the damage done by what is known as "cotton rust," the leaves affected by the red spider shrivel and drop off. The so-called red spider is not a spider at all, but a little red mite, which cuts into the leaf and sucks the sap out of the plant.

Infestation will be observed to begin usually near the edge of the field. This is due to the fact that the spiders pass through the winter on green vegetation, such as we commonly find about the edges of fields and along ditch banks. When the cotton has become well started, they wander on to this and begin to spread. They lay numbers of reddish colored eggs on the under surface of the leaf and spin over these a fine web to hold themselves to the leaf while at work and to protect their spinning. Various agencies, such as the plow going through the field, a stray dog, or the wind, distribute the pests for a distance often of many yards.

From these facts it can be clearly seen that a good remedy for the red spider is a preventive one—to keep down by fall turning of the land and destroying the green weeds common about the edges of the field. The next precaution to observe is not to let the pest get the start. Spray the infested area with a one per cent lime-sulphur solution. Make up the same kind of solution you used for a winter spray for the scale on your peach and apple trees and dilute this about twelve times. If you do not recall how to make this solution, full information will be furnished upon request by the Division of Entomology, Clemson College, S. C.

If you have the commercial lime-sulphur solution dilute 99 parts of water to 1 of the solution. Apply this with a spray pump with vermoli or misty nozzle producing a fine mist and get this to cover the under side of the leaves thoroughly. Should a spray pump not be available use an old broom or something of this type and attempt the same thing. If these steps are taken as soon as the form begins to spread it is a comparatively easy matter to control the pest, but if delayed it is almost an impractical matter for a farmer in his early season to treat a whole acre, even with a good barrel spray pump. The red spider will be noted as of much more damage during dry weather than when we have plenty of rain; and often, though not always, a good heavy shower is better than any remedial measure man can apply.

D. C. Bybee, teaming contractor, living at 669 Keeling Court, Canton, Ill., is now well rid of a severe and annoying case of kidney trouble. His back pained and he was bothered with headaches and dizzy spells. "I took Foley Kidney Pills just as directed and in a few days I felt much better. My life and strength seemed to come back, and I sleep well. I am now all over my trouble and glad to recommend Foley Kidney Pills." Try them. J. W. Bell.

FAMOUS CONFEDERATE EMBLEM

Gen. Sadler Shows Flag Beneath Which Jackson Was Wounded.

Trenton, N. J., July 31.—Wilbur F. Sadler, Adjutant General of the New Jersey National Guard, surprised Lieut. Governor Ellyson, of Virginia, while the latter was visiting Governor Wilson at the Capitol yesterday by showing him a flag which Mr. Sadler believed to be that under which Stonewall Jackson received his mortal wound. Mr. Ellyson was so impressed that he is going back to Virginia to try to identify the flag. If he succeeds both he and Gen. Sadler will try to have it restored to the State of Virginia at a formal ceremony to be attended if possible by Governor Wilson and a regiment of the New Jersey National Guard.

The flag is a division corps flag and was captured at Chancellorsville, Va., by a New Jersey regiment the day after Jackson was shot. It has remained in the keeping of New Jersey ever since. Mr. Ellyson expects to see Capt. J. P. Smith, of Richmond, Va., who was with Jackson when he was shot, and will attempt through him to identify the flag.

The flag is of fine silk, made, Mr. Ellyson thinks, by women of Virginia, with diagonal bars of blue traversing it. Six stars are on each bar.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

UNCOVERS A DETROIT SCANDAL.

Aldermen and Council Secretary Arrested, Charged with Corruption.

Detroit, July 26.—Eight Aldermen and the secretary of the common council committees were arrested this afternoon on charges of accepting bribes and conspiracy to accept a bribe for their votes and influence in the passage of a measure affecting city property recently transferred to the Wabash railroad. At least six other arrests of aldermen are expected at any moment, and it is alleged that \$3,700 passed hands in sums of from \$100 to \$1,000. The bribery was consummated and the arrests accomplished under the personal supervision of Detective William J. Burns. The officials already arrested are: Thomas Glinnan, president of the council, who is alleged to have received \$1,000; E. R. Schreiter, Jr., secretary of council committees, and also secretary of the American League of Municipalities, who is charged with conspiracy to bribe and agreeing to accept \$500; Alderman Jos. L. Thelsson, said to have accepted \$500, and M. J. Ostrowski, alleged to have received \$200; Alderman Patrick O'Brien, conspiracy; Alderman Louis Tossy, said to have received \$200; Aldermen Frank J. Mason, Louis Brozo and Delmel, the last three being charged with accepting \$100 each.

Alderman Glinnan has long been known in city politics as "Honest Tom." When arrested this afternoon it is said he turned over \$1,000 and made a complete confession. Schreiter, who it is claimed by the authorities engineered the affairs, was arrested in his office. He had not received any money, but the officers claim he went to the office of the detectives, who were acting under the guise of Wabash officials, to get his money and discovered the officer who had just arrested Glinnan.

The detectives claim that they have caught their men not only with marked money, but by telephonic testimony and photographic records. The investigation which culminated in the arrests made to-day has been going on since February.

GREAT DAY FOR THE BAPTISTS.

Earle's Grove Church Dedicated—Stirring Revival Meeting.

Sunday, July 21st, was the "big day" at Earle's Grove. According to previous announcement the church was dedicated to the service of the Lord on that date. The dedicatory sermon was preached by the pastor, H. C. Hester. Brother Fletcher Richardson led the dedicatory prayer.

After dinner Brother W. M. Brown presented the church to the trustees and congregation in a very eloquent address, in which he spoke of the opening up of the community, the development and growth of the Earle's Grove school and church.

Brother D. A. Smith made the address of acceptance in behalf of the church and audience. Brother Smith is small when measured by feet and inches, but his ready wit and keen intellect show his capabilities in making extemporaneous speeches.

This was followed by some excellent singing conducted by Brother Grubbs and Brother Grant. We were glad to welcome the great crowd of friends, and we hope to see them among us again. A protracted meeting followed the dedication. We had a great revival, in which the Lord graciously blessed us. There were 28 conversions. The baptizing took place Sunday, July 28, in Brother Gibson's pasture. There was a large crowd at the water and also at the church. May the Lord continually bless the church and community. H. C. Hester, Pastor.

Tutt's Pills

will save the dyspeptic from many days of misery, and enable him to eat whatever he wishes. They prevent

SICK HEADACHE,

cause the food to assimilate and nourish the body, give keen appetite,

Foley's Kidney Pills

What They Will Do for You

They will cure your backache, strengthen your kidneys, correct urinary irregularities, build up the worn out tissues, and eliminate the excess uric acid that causes rheumatism. Prevent Bright's Disease and Diabetes, and restore health and strength. Refuse substitutes.

J. W. BELL, WALHALLA,
Walhalla, S. C.

Bubonic Germ Found in Rat.

New Orleans, July 28.—Discovery of the bubonic bacilli was made in New Orleans by Federal and city health authorities. The bacteria of the dreaded plague was found in a rat caught on the water front.

The discovery was made after the examination of several hundred rats during the past two weeks had failed to reveal any trace of the disease.

Dr. J. H. White, of the United States marine hospital service, who recently returned from an inspection of the plague infected district in Havana, Cuba, stated that the discovery of the bubonic bacilli here need not cause the slightest alarm.

Feel languid, weak, run-down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price \$1.
